

CALL FOR EXHIBITORS

2009 International Symposium on Pharmaceuticals in the Home & Environment

*Point Lookout Resort and Conference Center
Northport, Maine*

*Monday – Tuesday
October 19-20, 2009*

Dear Colleagues:

It is our pleasure to announce the availability of conference exhibit tables to your organization at the upcoming 2009 International Symposium on Pharmaceuticals in the Home and the Environment, the premier international conference on prescription drug use, abuse, collection, and disposal.

This conference represents the official venue for the 7th Annual Maine Benzodiazepine Study Group Conference and the 6th Annual Unused Drug Return Conference, taking place on October 19-20, 2009 at the beautiful Point Lookout Resort and Conference Center in Northport, Maine.

Colloquium co-sponsors include the University of Maine Center on Aging, the Maine Department of Health and Human Services, the Maine Benzodiazepine Study Group, the Drug Disposal Group, and the University of New England Office of Continuing Medical Education.

This is your opportunity to reach health care professionals, policy makers, law enforcement personnel, environmental researchers, substance abuse professionals, and others concerned with the human and environmental impact of prescription drugs on individuals, families, and communities. Last year, approximately 175 professionals from more than 25 states and foreign countries were present.

The exhibitor fee is \$500 for for-profit organizations and \$250 for non-profit organizations. The fee includes table space and complimentary conference admission for one (1) representative of your organization.

To reserve an exhibit table at this exciting event, please contact Marolyn Bissonnette at CME@une.edu or by calling (207) 602-2589.

For more information about the conference and a Call for Exhibitors announcement suitable for posting, please visit:
